The Dealer Catalog is intended only for the possession and use of the distribution partners of Warming Trends and contains confidential information not meant to be disclosed to others, including competitors. Sharing, duplicating, or distributing the Dealer Catalog is prohibited to anyone other than Dealers, Distributors, or others authorized in writing by Warming Trends. Our distribution partners may share prices or other information in the dealer catalog with customers as needed to enable individual sales.

Warming Trends maintains a Minimum Advertised Price (MAP) policy and it is strictly enforced with each of our selling partners.

For more information and resource materials, please visit our website. [www.Warming-Trends.com](http://www.Warming-Trends.com)

## SIX STEPS TO FIRE

- 1 Determine the BTU (gas) supply at your fire feature location.
- 2 Measure the interior dimensions of your fire feature and choose the corresponding plate/pan size.
- 3 Select burner based on plate/pan size and fuel type (natural gas or liquid propane.)
- 4 Choose the ignition system: match lit or a fully automatic ignition system.
- 5 Add optional electronic accessories: remote control options, dial timers, and emergency stop buttons.
- 6 Complete your fire feature with media: lava rock or fire glass, steel or ceramic logs.

## PLEASE REMEMBER

- Plate/pan should be sized slightly smaller than the measurement of the opening to allow easier installation and removal for service.
- Manufacturer recommends a minimum 3" of clearance from all interior sides of enclosure to the nearest edge of burner to avoid damage to enclosure.
- For outdoor use only. Installation and service must be performed by a qualified installer, service agency, or gas supplier. Installation and use must follow all local codes.
- Follow all installation instructions and local codes. A copy of the Owner's Guide and Instruction Manual can be found on our website: [www.Warming-Trends.com](http://www.Warming-Trends.com)

### TECH TIP

Gas Insert Kits for Paver Fire Features are becoming more popular and Warming Trends offers kits – including burner, plate, flex line, and key valve kits - specifically designed to work with a variety of paver company block features. See page 42 for our Gas Insert Kit selection.

Plate should be sized slightly smaller than the measurement of the opening. This allows easier installation and removal for service.

# PARADISE **FOUND.**

## READY-TO-FINISH KITS

---

Aluminum frames covered with concrete board are ready to be easily and quickly completed with your choice of stone or veneer.

Simply place on site, connect to the gas supply, add stone or other veneer, and your fire feature is complete.

**Need a different size, custom shape, or have BTU questions?**

Whatever your question, our team is happy to help. Call our Flame Specialists at (303) 346-2224.

SQUARE READY-TO-FINISH KITS

TECH TIP

Ready-to-Finish Kits come with a Fire Pit Vent Kit (FPVK), but they do not come pre-installed as placement and installation depends on veneer. Vents are to be installed by contractor on site.

WE CAN **MAKE IT.**

The sky's the limit - let us create your custom fire feature.

# GAS INSERT KITS FOR PAVER FIRE FEATURES

---

Warming Trends makes it easy to install or convert a paver fire feature to gas with our Gas Insert Kits. Each Kit includes the CROSSFIRE® Brass Burner which utilizes cutting-edge jet technology to produce a taller, brighter, and more natural flame - all while consuming less gas.

Warming Trends Universal and Specialized Gas Insert Kits are designed to work with a variety of paver company block kits, including everything you need to convert your paver fire feature.

**Need a different size, custom shape, or have BTU questions?**

Whatever your question, our team is happy to help. Call our Flame Specialists at (303) 346-2224.

Easily and quickly convert your paver fire feature to gas with a Warming Trends Gas Insert Kit.

- Included in each kit:
- CROSSFIRE® Brass Burner with WATERSTOP™ Fitting
  - Aluminum Plate
  - Flex Line Kit
  - Key Valve Kit
  - Flexible Metal Support Collars and Tapcon screws (Works with new or existing fire pit)

Select the Warming Trends Gas Insert Kit that matches the interior dimensions of your fire feature.

The Revolutionary WATERSTOP® fitting protects electronics and valves from water and debris.

CROSSFIRE® Brass Burner

Aluminum Plate

Whistle-free Flex Line Kit

Flexible Metal Support Collar

**KIT DOES NOT INCLUDE VENTS.** (18 sq inches of ventilation is required on opposing sides of the fire feature.)

**KIT DOES NOT INCLUDE STONE/ENCLOSURE.**

Collars provide support for the aluminum plate and allow a range of plate sizes to be used, adding up to 3" to the plate size.

See page 66 for available collar options.

# GAS INSERT KITS FOR SPECIALIZED PAVER FIRE PITS

NEW PRODUCT!

See page 57 for available ignition options.

The All-New Specialized Gas Insert Kits fit top-selling paver fire pit brands and are easier to install than ever before! The Mounting Brackets and Collars have been re-engineered to eliminate the need for a drill to install. Each kit includes all components needed to create an exceptional fire feature including the patented CROSSFIRE® burner, aluminum plate, no-drill collars, specifically-sized vents, mounting bracket which replaces a block while still offering support to the blocks above, and a Flex Line/Key Valve Kit.

Included in each kit:

- CROSSFIRE Brass Burner with WATERSTOP™ Fitting
- Aluminum Plate
- Flex Line / Key Valve Kit
- Flexible, No-Drill Collars - NEW
- Vents (2) - NEW
- Mounting Bracket - NEW

The patent-pending WATERSTOP fitting provides unmatched protection for electronics and valves from water and debris.

CROSSFIRE Brass Burner

Flexible, No-Drill Collar  
(Install between courses of block)

Aluminum Plate

Key Valve / Mounting Bracket  
(Replaces one block and provides support for next course of block)

Whistle Free Flexline

Vent(s)  
(Vents replace one block and provide support for the next course of block)

ALPANCUST	Aluminium pan customized to any shape or size	Call for Quote		

### TECH TIP

Plate/pan should be sized slightly smaller than the measurement of the opening. This allows easier installation and removal for service.

Knockouts are provided for standard plates, pans, and covers up to 36".

## RECTANGULAR COVERS

### TECH TIP

Covers should be sized at least 2" larger than the measurement of the opening. This allows easier installation and removal for service.

Depending on dimensions and weight, covers may be cut into multiple pieces.

## TECH TIP

Plate/pan should be sized slightly smaller than the measurement of the opening.  
This allows easier installation and removal for service.

# IGNITION SYSTEMS

## MATCH LIT

All CROSSFIRE® Brass Burners come standard as a manual Match Lit System. Light a match and turn the key valve to ignite your fire feature burner.

## PUSH BUTTON IGNITION

Upgrade to an electric Push Button Ignition. Turn the key valve to on position and push the button to ignite your burner.

## MERCURY IGNITION SYSTEM

NEW PRODUCT!

The Mercury Ignition provides a layer of safety in the event a burner's flame is unexpectedly extinguished. This innovative new design provides a quick, automatic shutoff of gas flow and an easy reset to reignite the flame when ready to address building and safety code requirements, as well as personal safety preferences.

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
MERCLP	Mercury Ignition Spark Ignitor with Internal Safety Shutoff + 3' Pilot for use with any Burner up to 240K BTU + FIT180 + Liquid Propane	\$729	7 lbs	SHIPS PARCEL
MERCNG	Mercury Ignition Spark Ignitor with Internal Safety Shutoff + 3' Pilot for use with any Burner up to 240K BTU + FIT180 + Natural Gas			

MERCURY IGNITION

# PLATINUM AUTOMATIC IGNITION

NEW PRODUCT!

The Platinum Automatic Ignition System delivers superior quality, performance, and value to our partners and their customers. Expertly engineered, this innovative ignition has been designed and built to eliminate industry-wide weaknesses in outdoor fire feature ignitions. The Platinum Ignition System includes the Valve Box, Transformer, and Pilot Assembly.

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
103063	Platinum 24 Volt Electronic Ignition System - Valve Box Hot Surface Igniter + 24V Transformer for <b>1/2" Manifolds</b> . Maximum Gas Output 680,000 BTU/h - Natural Gas	\$1,939	14 lbs	SHIPS PARCEL
103064	Platinum 24 Volt Electronic Ignition System - Valve Box Hot Surface Igniter + 24V Transformer for <b>1/2" Manifolds</b> . Maximum Gas Output 680,000 BTU/h - Liquid Propane	\$1,939	14 lbs	SHIPS PARCEL
103065	Platinum 24 Volt Electronic Ignition System - Valve Box Hot Surface Igniter + 24V Transformer for <b>3/4" Manifolds</b> . Maximum Gas Output 680,000 BTU/h - Natural Gas	\$1,939	14 lbs	SHIPS PARCEL
103066	Platinum 24 Volt Electronic Ignition System - Valve Box Hot Surface Igniter + 24V Transformer for <b>3/4" Manifolds</b> . Maximum Gas Output 680,000 BTU/h - Liquid Propane	\$1,939	14 lbs	SHIPS PARCEL

# PLATINUM AUTOMATIC IGNITION SYSTEM

680,000 BTUs OF GAS OUTPUT.  
SUPERIOR RELIABILITY.

## 3 VOLT IGNITION

A battery-operated ignition system with on and off switch.  
3 Volt Ignition supplies up to 120K BTUs.  
Remote control available.

3VIK

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
3VIK-NG 3VIK-LP	3 Volt Electronic Ignition System: Spark Igniter + Control Module + D-Cell Battery Pack + 3 Volt Gas Valve + up to 120K BTU + Ignition Switch	\$1,378	14 lbs	SHIPS PARCEL

## 24 VOLT SPARK IGNITION

24 Volt Spark Ignition supplies up to 400K BTUs.  
Includes step down transformer for use with 24 Volt/110 Volt supply.  
Remote control options available.

24VIKHC

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
24VIKHC-NG 24VIKHC-LP	24 Volt Spark Ignition System: Spark Igniter + Control Module + 24 Volt Transformer + up to 400K BTU	\$1,747	17 lbs	SHIPS PARCEL

Low voltage Premium Ignition available. Call a Warming Trends Flame Specialist to discuss the best ignition system for your CROSSFIRE® Brass Burner.

### TECH TIP

Aluminum covers help protect electronic ignition systems from the elements.  
Available in standard and custom sizes. See page 49

# ELECTRONIC ACCESSORIES

Want to turn your fire feature on remotely? We've got you covered. We offer electronic accessories that keep your fire feature safe and easy to use.

## 3 VOLT REMOTE

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
3VRC	ON/OFF Remote Control for 3 Volt Ignition System. Only compatible with 3VIK Ignition.	\$146	3 lbs	SHIPS PARCEL

## 24 VOLT KEY CHAIN REMOTE

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
KCRC	ON/OFF Wireless Key Chain Remote Control & Plug In Receiver for 24 Volt Ignition System.	\$46	4 lbs	SHIPS PARCEL

## DIAL TIMERS

Available in 1 hour, 2 hour, and 12 hour options for automatic shut off with NEMA Rated outdoor enclosure.

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
DT2HRNB	2 Hour Dial Timer with NEMA Rated Enclosure.	\$447	5 lbs	SHIPS PARCEL
DT12HRNB	12 Hour Dial Timer with NEMA Rated Enclosure.	\$465	5 lbs	SHIPS PARCEL
DTES1HR	1 Hour Dial Timer with Manual Emergency Shut-off for use on Gas Line. Up to 170K BTUs NG/LP.	\$185	4 lbs	SHIPS PARCEL

## EMERGENCY STOP

SKU	DESCRIPTION	MSRP	SHIP WEIGHT + METHOD	
EMERSTOP	Push Button Emergency Stop with yellow shell and weatherproof lift cover. Recommended for commercial properties.	\$348	5 lbs	SHIPS PARCEL
DTES1HR	1 Hour Dial Timer with Manual Emergency Shut-off for use on Gas Line. Up to 170K BTUs NG/LP.	\$185	3 lbs	SHIPS PARCEL

### TECH TIP

Typically commercial projects require an Emergency Stop and electronic ignition. Consult your local code.

# ELECTRONICS AND CLEARANCE DIAGRAM

# INSTALLATION AND CLEARANCE DIAGRAM - MERCURY

Vertical clearance of 120" from burner to combustible structure or materials is required. Horizontal or lateral clearance of 36" between edge of burner and combustible structure or materials is required.

# MADE IN THE USA.

**SUPERIOR PERFORMANCE. OUTSTANDING QUALITY.  
RELIABLE LEAD TIMES.**

## PARTS, LOGS, AND MEDIA

---

Select the right accents to complement your feature's surroundings. Complete the feature with a cover made to fit. See page 49 for available covers.

# PROMOTIONAL ITEMS

Our customers consistently share, "Seeing is believing!" And we have just the solution. Your customers can experience the CROSSFIRE® Brass Burner's performance first hand with an in-store display. Nothing compares!

## COUNTERTOP DISPLAY

The Counter Top Display includes a CFB60XL CROSSFIRE Brass Burner with the patent-pending WATERSTOP™ fitting, together with a 17" tall, triangular aluminum base.

The Counter Top Display is available in two plate/pan options. The DISCT has a 12" circular plate. DISCT4 has a 12" square plate with 4" sidewalls which can be filled with water to demonstrate the effectiveness of the WATERSTOP fitting.

This display is great for counter tops or other small spaces. The removable demo burner is the perfect portable sales tool.

## FLOOR DISPLAY

The Floor Display is 30" tall and 18" square. The display includes a hollow metal frame, choice of four slide-in marketing panels, a plate with a mounted key valve, and a CFB60XL CROSSFIRE® Brass Burner + WATERSTOP. The unit is ready to connect to a 1 lb propane tank (and can be modified to connect up to a 20 lb tank.) Perfect for a showroom display.

# INDOOR / OUTDOOR BANNERS

Let customers know you are a Warming Trends dealer. Versatile for indoor or outdoor use, these (3'x 6' and 6'x 3') banners have grommets on each corner for easy hanging and are made to withstand the elements when displayed outdoors. Choose from these designs:

## AUTHORIZED DEALER WINDOW CLING

Promote your Warming Trends dealer status to customers as they enter your door. Choose between a horizontal (6" x 3") or a vertical (3" x 6") design, featuring the eye-catching flame of the CROSSFIRE® brass burner.

Easy to apply, just peel the backing off and adhere to the inside of glass.

Custom fire features are only a call away.  
(303) 346-2224

# WARRANTY

## FULL LIFETIME WARRANTY FOR CROSSFIRE® BURNERS

Warming Trends warrants that each Warming Trends® Crossfire® and other jetted-flame-brass burners sold through Warming Trends' distribution network (each as "Burner") is free from defects in materials and workmanship and conforms to its specifications, which are available upon request. We offer a lifetime, full warranty for our Burners, regardless of ownership, beginning on the date of purchase ("Warranty Period"). This warranty is transferable, but we reserve the right to require proof of ownership for any transferred burners including proof that the Burner was not acquired through improper means or unauthorized re-sellers. During the Warranty Period, Warming Trends provides repair and exchange services for the Burners, without charge. If a Burner does not function as warranted during the Warranty Period and, after a reasonable number of attempts, Warming Trends is unable to either 1) make it do so or 2) replace it with one that is at least functionally equivalent, you may return it to Warming Trends and your money will be refunded. The warranty stated above will not apply to the extent that there has been misuse or use contrary to specifications or the appropriate user or operating manual, installation defect, accident, modification, unsuitable physical or operating environment, operation in other than the specified operating environment (e.g., outdoor burners should only be used outdoors) improper maintenance by you, or failure caused by a product for which Warming Trends is not responsible. With respect to Burners, the warranty is voided by removal or alteration of any identification labels or marks on any Burner or part.

## ITEMS NOT COVERED BY FULL WARRANTY FOR BURNERS

**OTHER THAN AS EXPRESSLY STATED ABOVE, WARMING TRENDS DOES NOT WARRANT UNINTERRUPTED OR ERROR-FREE OPERATION OF ANY BURNER, OR THAT WARMING TRENDS WILL CORRECT ALL DEFECTS.**

This warranty is specific to Burners and does not apply to any other product sold by Warming Trends, which may be covered by separate warranties with different terms. Warming Trends does not warrant any services related to our Burners, including installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third-party service provider and our warranties do not apply to failures caused by their work.

## IGNITION SYSTEMS WARRANTIES

### Residential Installations

Platinum Ignition Systems are warranted for three (3) years from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Platinum Ignition Systems in the Platinum Ignition System Instruction Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Platinum Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends® will repair or replace the system at no cost for the first three (3) years. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. 24VIK and 3VIK systems are warranted for one (1) year from the date of purchase and, thereafter, are covered by a limited warranty for two (2) years from date of purchase. In the event a 24VIK or 3VIK system must be replaced due to a defect or malfunction of the system, Warming Trends® will repair or replace the system at no cost for the first year. In the event a 24VIK or 3VIK system fails after the first year from date of purchase and within two years from date of purchase, Warming Trends will repair or replace the system for a cost of 50% of the current list price. This warranty does not cover labor costs.

P24VIK Systems are warranted for three (3) years from date of purchase. In the event a system must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first three (3) years. This warranty does not cover labor costs.

Mercury Ignition systems are warranted for three (3) years from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Mercury Ignitions in the Mercury Ignition Instruction Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Mercury Ignition system must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first three years.

This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover.

Push Button Ignition Systems pre-installed by Warming Trends on AON fire tables (defined below) are warranted for one (1) year from date of purchase. In the event a Push Button Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. Warming Trends does not offer any warranty for Push Button Ignition Systems not pre-installed on AONs.

### Commercial Installations

Platinum Ignition Systems are warranted for one (1) year from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Platinum Ignition Systems in the Platinum Ignition System Instruction Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Platinum Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover.

24VIK, 3VIK, and P24VIK systems are warranted for one (1) year from date of purchase. In the event a 24VIK, 3VIK, or P24VIK system must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs.

Ignition systems are warranted for one (1) year from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Mercury Ignitions in the Mercury Ignition Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Mercury Ignition system must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover.

Push Button Ignition Systems pre-installed by Warming Trends on AON fire tables (defined below) are warranted for one (1) year from date of purchase. In the event a Push Button Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. Warming Trends does not offer any warranty for Push Button Ignition Systems not pre-installed on AONs.

## ITEMS NOT COVERED BY WARRANTIES FOR IGNITION SYSTEMS

Warming Trends does not warrant any services related to our Electronic and Manual Ignition Systems, including, without limitation, installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third-party service provider and our warranties do not apply to failures caused by their work. Problems or defects in the functioning of the systems due to gas plumbing or electrical installed by others are not covered by any warranty offered by Warming Trends.

## AON FIRE TABLE WARRANTIES

### Residential Installations

Warming Trends warrants the fabrication and structure of each AON™ fire table (each, an "AON") for 3 years from the purchase date. This warranty is transferable, but we reserve the right to require proof of ownership for any transferred AONs including proof that the AON was not acquired through improper means or unauthorized re-sellers. Burners and Ignition Systems included in AONs are covered by the applicable warranties above. Warming Trends warrants the powder coating on AONs for 12 months from date of delivery. Warming Trends does not warrant against any damage occurring during or after installation or for normal wear and tear, including fading due to exposure to sunlight. The flush-mounted lids are susceptible to damage due to their intended use. Chips may occur on the corners and edges of the lids over time and are not covered by warranty. Warming Trends recommends covering your AON during inclement weather or seasonal changes.

### Commercial Installations

Warming Trends warrants the fabrication and structure of each AON for 1 year from the purchase date. This warranty is transferable, but we reserve the right to require proof of ownership for any transferred AONs including proof that the AON was not acquired through improper means or unauthorized re-sellers. Burners and Ignition Systems included in AONs are covered by the applicable warranties above. Warming Trends warrants the powder coating on AONs for 12 months from date of delivery. Warming Trends does not warrant against any damage occurring during or after installation or for normal wear and tear, including fading due to exposure to sunlight. The flush mounted lids are susceptible to damage due to their intended use. Chips may occur on the corners and edges of the lids over time and are not covered by warranty. Warming Trends recommends covering your AON during inclement weather or seasonal changes.

## ITEMS NOT COVERED BY WARRANTIES FOR AON FIRE TABLES

Media made from ceramic or steel must be at least 4" from edges of the AON as excessive heat can cause warping and damage to the structure of the AON. Incorrect use of media shall void the above warranties. Warming Trends does not warrant against the natural process of steel aging or rusting. Warming Trends does not warrant any services related to our AONs, including installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third-party service provider and our warranties do not apply to failures caused by their work. Warming Trends does not warrant against damage caused by improper ventilation. AON's are equipped with leveling feet which are to be used to create ventilation around the entire base perimeter of up to 2" of clear space.

## DISCLAIMER OF ADDITIONAL WARRANTIES

**OTHER THAN THE SPECIFIC WARRANTIES SET FORTH IN THIS WARRANTY POLICY, WARMING TRENDS MAKES NO REPRESENTATIONS OR WARRANTIES WITH RESPECT TO ITS BURNERS OR IGNITION SYSTEMS, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

No dealer, distributor, or other person has the authority to represent or warrant a Warming Trends product beyond the terms contained within this warranty, and Warming Trends assumes no liability for such warranty representations. Any questions concerning this warranty should be directed to the Warming Trends corporate office or via email to [legal@warming-trends.com](mailto:legal@warming-trends.com).

## ADDITIONAL TERMS AND CONDITIONS

**ALL BURNERS AND ELECTRONICS MUST BE COVERED WHEN NOT IN USE OR WARRANTY IS NULL AND VOID.**

While some of our warranties are passed-through or provided in cooperation with affiliates and/or third parties, Warming Trends will honor the warranties contained in this Warranty Policy for all products purchased from us, but we may coordinate internally with the necessary third parties in order to do so.
